BOARD OF SELECTMEN AND SEWER COMMISSIONERS' MEETING
March 22, 2010
Acton Town Hall
Francis Faulkner Hearing Room
7:00 P.M.

Present: Paulina Knibbe, Peter Berry, Lauren Rosenzweig, Terra Friedrichs and Mike Gowing
Town Manager Ledoux, Recording Secretary; Christine Joyce. The meeting was televised.

CITIZENS' CONCERNS

Carol Holley spoke about Storm Water maps for town meeting and noted that we are going to get wetter due to global changes and we need to amend the FEMA maps and data collection.

Bob Evans, asked about Nursing Enterprise balance of \$139,000

CHAIRPERSON'S UPDATE

Ms. Knibbe announced the 3 events that HDC is planning in Town. They are offering Historic Landscapes, Gardens and walking tour of Maple and Martin Streets.

Ms. Knibbe noted we will be re-certified as a Tree City.

Ms. Knibbe announced that the Street light replacement program 2 years ago has resulted in a 28% energy decrease in the street lights.

OPERATIONAL MINUTE

Steve noted that due to extreme flooding during the recent rainstorm the town had pumped out two hundred basements. We will be gathering our expenses for FEMA and waiting to see if we are declared a disaster area by the President.

The Town received a 2010 E Government award which recognizes our web site. Steve thanked Mark Hald and Laura Mason for their good work.

PUBLIC HEARINGS & APPOINTMENTS

**SALERINO'S RESTAURANT, SITE PLAN SPECIAL USE, 251-255, MAIN STREET
CANCELLED**

Ms. Knibbe said we need to acknowledge a hearing in the newspaper and staff thinks this can be handled as consent at the March 29th BOS meeting.

EDC – SIGN BYLAW REVIEW

Ms. Friedrichs said staff has reviewed signs not in compliance. EDC took up the issue and EDC decided that we call together the businesses and review how we should enforce the existing zoning requirements.

Doug Tindal – There will be a sub-committee of EDC with the business community and the town. They have issues around compliance. EDC was approached about signage and the town's complicated sign by laws. The Town has gone through times when they have done nothing and now the town is in a vigorous manner to bring in to compliance. They think that communication needs to be reviewed and to review the bylaw as well as provide sign bylaw education.

Business owner David Didriksen outlined need for looking into the entire process. He feels that the business community and the residents have a common goal for the town to look attractive. Ms. Knibbe noted rules should be clear and they are not currently. She felt it is necessary in town to control the signage. Our attorney said the Town Manager should be the one to make the changes. She feels we need to review the sign bylaw, with an eye to long term and short term issues.

Ms. Rosenzweig said that this is step one and the Town Manager noted that he wanted to have a meeting after town meeting to discuss this.

Counsel suggested that a letter go out in. The zoning bylaw needs tweaking and would welcome some of the things that could be discussed.

Roland discussed by right signs.

Mr. Gowing asked about violations and were they sale signs, as opposed to just a sign for the business.

Ms. Friedrichs agrees with counsel and recommends that a process be put in place in a kinder manner.

EDC wants a 120 day stay to resolve and figure out what is wrong and what will be allowed.

Ms. Knibbe noted Counsel to constitute committee to investigate and come back with suggestions. She recommends that a letter go out to all businesses with pending sign issues that the Town Manager will review enforcement in a case by case manner.

Ms. Friedrichs asked if she could meet with business and staff to discuss possibilities of process. Nina noted that the signage must be enforced under the bylaw. The Town can make the enforcement steps

Ms. Knibbe said we need to look at the three issues, look at bylaw, what do we do about current enforcement under way and practice, how enforcement is looked in to. Doug Tindal said they want resolution of the fines and to stop the fines and bring their signs into compliance. Town Counsel reiterated that the Town Manager is obligated to enforce, and can discuss with each party on a case by case basis.

Town Manager said that he questioned his authority and has sworn to obey the law.

Ms. Knibbe - Move that we recommend staff develop alternate mechanisms of enforcement of fines. Ms. Friedrichs – second - UNANIMOUS VOTE

Mr. Gowing asked Roland about a sliding scale for each day we see the violation, \$300.00 per sign per day.

Ms. Rosenzweig asked if Nina (town counsel) thinks we need to send the letter provided. Ms. Knibbe – Moved to send a letter out to anyone in violation and encouraged them to come in and discuss and obtain the correct information. Ms. Friedrichs – second. UNANIMOUS VOTE

KAREN MAINES – VANASH FLORALS, REQUEST FOR FEE WAIVER

Ms. Maines said she purchased the property and worked with planning and was trying to do the right work. After two years went by they issued a violation. She received violation visit. She wants the fees waived due to the fact that she considers herself as a different case because she had begun the paperwork and some how planning lost it. She noted her sign was the correct size.

She asked that the filing fees be waived and said she has a meeting with Roland to address this. Ms. Knibbe said that the change will prevent this in the future. Mr. Gowing said that under the circumstances we should waive the fees. Mr. Gowing –Moved to waive the filing fees for Ms. Maines. Ms. Friedrich - second. 4-1 Ms. Rosenzweig NO. motion passes

Ms. Rosenzweig disclosed she has done business with Ms. Maine's floral shop. Ms. Rosenzweig said she was more comfortable with the \$250 and \$75 fee reduction by half than the entire filing fees waived. Ms. Friedrichs emphasized that she voted to waive the fees because we could not find the paperwork and no proof that they did not follow the rules. This is a special case and should not set a precedent.

531 MASSACHUSETTS AVE., LLC, SITE PLAN SPECIAL PERMIT AMENDMENTS AND USE PERMITS.

Public hearing has been closed and the Chairman will allow the members to make a brief statement about this Decision. They will then review the detailed Decision.

Mr. Gowing noted he is in support and we need to come to resolution.

Ms. Friedrich spoke about the missing trees and hoped the board will make sure the provisions that are in place is what the public fell in love with.

Ms. Knibbe noted that as a board reviews this decision we should consider the balance of private property rights and public interest. She feels that it is sensitive to the area and provides substantial improvement and satisfies the laws. Ms. Knibbe believes that this is an excellent project.

Mr. Berry is in favor of both the project and the process –he noted that the Developer has been before all Boards and held several meetings with neighbors and other stake-holders. We place Legal ads in the paper to let everyone know of the meetings. HDC has conditions they identified that still have to be met.

Ms. Rosenzweig said she agrees and she was on the Planning Board when this parcel was zoned for mixed use. Town Meeting approved that there be a mixed use project to encourage the vitality of the village. The applicant was given feed back to get involved with outreach. Uses do change all the time and the applicant needs to be able to have the same flexibility of uses within what is allowed in the Zoning Bylaw.

The Board went through the findings decision.

ACTON ASSISTED LIVING/ROBBINS BROOK, SITE PLAN AMENDMENT ##11/18/98-366. PHASES 2 & 3, 886-900 MAIN STREET

Mr. Vazza noted that their approval included that they provide units for eligible buyers and originally they had set aside 3 units as affordable and they would be included in the States Affordable count. Has not been able to market the units and asked to have the restriction removed. He would like to complete the project. Mr. Berry said we do have a memo from Acton Community Housing Corp. suggesting the developer return \$20,000 per unit to the affordable housing fund or \$60,000. for the release of the three affordable units.

The developer was looking for relief. Mr. Berry said if they are not offering us anything he can not support. Mr. Vazza said it is a very trying time. He is trying to save the project.

Ms. Friedrichs agreed with Mr. Berry and wanted conditions of what we were to get and wants to look at the bylaw and sections and density they may have gotten. Roland said that there was no density bonus for this project

Ms. Rosenzweig noted that these will sell and will help them economically, she agrees with Mr. Berry and suggested Mr. Vazza meet again with the ACHC. Mr. Vazza was asked if he would pay \$2,000 payable to the Town as each of the 35 unit's passes, resulting in the total of \$60,000 over time and completion of units.

Ms. Knibbe asked about the market rate units vs. the affordable rate. She says we have a need in the town to get to closer to the affordable 10%. Ms. Knibbe suggested we stick to the number in the ACHC suggestion.

Roland said the project was under full service retirement special permit and the affordable units were negotiated and there were no density bonus. This was a large project and the Selectmen asked they contribute the four affordable units to the Town.

Peter asked Roland about ACHC suggestion. He has offered to pay a fee as each unit passes. Roland said it could be done.

Mr. Berry - Moved to grant Mr. Vazza the removal of the three affordable units at Robbins Brook in return for contribution to ACHC of \$60,000, that \$2,000 shall be paid at the time each unit comes in for an Occupancy Permit, and condition that we will receive the full \$60,000. Ms. Knibbe second. Mr. Gowing asked to add to that a completion date by which they would be built. Ms. Rosenzweig suggested \$2,000 per unit for three years and that at the end of the three years April 1, 2013 the full payment of any balance of the \$60,000 be paid. Ms. Rosenzweig – second- Ms. Friedrichs No, 4-1 Motion Passes

Ms. Knibbe was reluctant to agree with something with a long time frame. Friendly amendment and include an end date when the rest of the money is due. Roland will add that to the decision.

W.R. GRACE SUSPENSION STUDY, SINKING POND

Ms. Rosenzweig said the letter was appropriate and Move to sent it. Ms. Friedrichs – second. UNANIMOUS VOTE
